This is the official Centenary College 2013 Annual Security Report. This report is required by federal law and contains policy statements and crime statistics for the school. The policy statements address the school's policies, procedures and programs concerning safety and security, for example, policies for responding to emergency situations and sexual offenses. Three years' worth of statistics are included for certain types of crimes that were reported to have occurred on campus, in or on off-campus buildings or property owned or controlled by the school and on public property within or immediately adjacent to the campus. This report is available online at <http://www.centenarycollege.edu/cms/en/safety/> you may also request a paper copy from the Dean of Campus Safety.

Campus Safety & Security

Campus Safety and Security at Centenary College is a shared responsibility. We are concerned about the safety and welfare of our students, faculty, staff and guests and we are committed to providing a safe and secure campus environment. Clearly, the best protection is an aware, informed, alert campus community who use reason and caution along with a strong security presence. In accordance with Section 485 (a) and (f) of the Higher Education Act, also known as the **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act**, the following is a summary of information concerning campus security procedures and crime statistics:

The overwhelming majority of our students, faculty, staff and guests never experience crime at Centenary College. However, crimes sometime occur. This information is provided because of our commitment to campus safety and security and in compliance with the federal law, Section 485 (a) and (f) of the Higher Education Act, also known as the **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act**, the following is a summary of information concerning campus procedures and crime statistics.

In the event of an actual emergency the campus community will be notified through e-mail, e2Campus, the Centenary College Web site and an outdoor audible alarm. Students should take responsibility for regularly checking their e-mail. In order to receive e2Campus announcements, students must have an active account, https://secure.centenarycollege.edu/e2_create_acct.php.

Incident Reporting

It is the responsibility of every member of the College Community (administrators, faculty, staff and students) to immediately report any incident that occurs on the campus that is disruptive, causes harm, loss or damage to a person or to personal or real property. Any unacceptable or offensive behavior, criminal act, medical emergency, injury to persons, theft, auto accident, fire, vandalism, damage to buildings or equipment, should be reported immediately.

Emergency Notification

Confirmation of a significant emergency or dangerous situation will be confirmed by Centenary Security, The Hackettstown Police Department or a member of the Centenary College Primary Emergency Response Team. At that time the entire college community will be notified by means of email and the e2Campus mass notification system. Depending of the situation the audible alarm may be sounded. The notification will briefly describe the emergency and give an initial course of action. The notification system will be initiated by campus security or a member of the primary emergency response team.

Centenary College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities,

compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

In all cases, both emergency and non-emergency, an Incident Report should be completed within 24 hours and forwarded to the Assistant Dean of Campus Safety and one or more of the following: the Provost and the Chief Academic Officer when faculty are involved; the Dean of Students when students are involved; or when it involves a staff employee, to their supervisor and to the Office of Human Resources if it is a work related accident/injury. Copies of the Incident Report form are available in all aforementioned offices.

Prompt filing of incident reports enables the President, Dean of Students and/or the Assistant Dean of Campus Safety to issue Timely Warnings to the Campus Community if deemed necessary.

Members of the College Community may also anonymously report criminal incidents. All confidential and anonymous reports of crime are included in the annual statistical report.

Confidential Incident Reporting

If you are the victim of a crime and do not want to pursue action within the Centenary College System or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Assistant Dean of Students or the Dean of Students can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, Centenary College can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution

College Response to Reported Incidents – Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Assistant Dean of Campus Security or a member of the Primary Emergency Response Team, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued through the college e-mail system to students, faculty, staff and the e2Campus mass notification system.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, Centenary College may also post a notice on its official web site. Anyone with information warranting a timely warning should report the circumstances to the Centenary Security, by phone (908 852-1400) or by speaking with a security officer.

Crime Statistics

The Centenary Security department prepares an annual security report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on the Centenary web site at www.centenarycollege.edu. You will. This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus and alternate sites, Student Life, Human Resources and the Enrollment Department. Each entity provides updated information on their educational efforts and programs to comply with the Act. Campus crime, arrest and referral statistics include those reported to Centenary Security, designated campus officials (including but not limited to directors, deans, department heads, designated HRLO staff, judicial affairs, advisors to students/student organizations, athletic coaches), and local law enforcement agencies.

Each year, an e-mail notification is made to all students, staff and faculty that provides the security report. Copies of the report may also be obtained at the Security office or by call 908 852-1400.

Emergency Response and Evacuation Test Procedures

An evacuation drill is coordinated by Student Life each semester for all residential facilities. Students are instructed the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Centenary does not tell residents in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, HPD and Housing Programs staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes. The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. At Centenary, evacuation drills are used as a way to educate and train occupants on issues specific to their building. During the drill occupants 'practice' drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the College an opportunity to test the operation of fire alarm system components. Evacuation drills are monitored by the Centenary Security and Student Life to evaluate egress and behavioral patterns. Reports are prepared by participating departments which identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration. Students receive information about evacuation and shelter-in-place procedures during residence meetings and during other educational sessions that they can participate in throughout the year. The House Staff members are trained in these procedures as well and act as an on-going resource for the students living in residential facilities.

Emergency Response – Evacuation and Shelter-in-Place (Lockdown)

Emergency Procedures

Below you will find important information for dealing with most emergency situations. Please make it a regular practice to check this site for updated information. Each member of our community is expected to be knowledgeable about safety procedures. Preparedness is an important way for us to take care of ourselves and other members of our community. In the event of a large scale emergency we will need people to do one of two things – either **Shelter in Place** or **Evacuate**. These procedures are explained below. Please familiarize yourself with this information so that in the event of an emergency you can respond quickly and properly.

If you receive instructions to evacuate:

- Evacuate when directed to do so by emergency personnel or through e2campus. The evacuation may be done in stages to avoid traffic jams. Take only items needed for health and safety with you.
- Depending on the situation, you may be instructed to evacuate to locations either on or off campus by motor vehicle or on foot.
- For evacuations on foot, proceed as directed by emergency responders to assembly points or relocation sites. Assist mobility impaired persons or report their location to emergency personnel.
- In the event of an evacuation by motor vehicle, go to your vehicle when instructed to do so. Persons without access to private motor vehicles should go to an announced transportation staging area.
- Proceed to the designated assembly points or relocation sites announced in the emergency instructions. Obey the directions of traffic control personnel. 2011

What is a 'lock down'? (SHELTER IN PLACE)

A school lock down is a procedure which is initiated when school officials believe that there is a **credible threat** to student, faculty, and staff safety.

Lock downs are used to protect students from school shooters, bomb threats, and other forms of violence, but they can also be used when police are engaged in an operation nearby, or when a natural disaster has been declared.

The goal of a school lock down is to keep students, faculty, and staff safe, and while it may be frightening or disruptive, it is important to comply with the lock down for safety reasons.

In case of a “lock down” (Shelter in Place)

When a lock down is ordered, people are told to stay inside their classrooms and/or residences and lock the doors. This is designed to prevent entrance from hallways and corridors. Windows will also be shut, locked, and covered with blinds to obscure visibility, and people are to stay away from doors and windows, sheltering in an area where they cannot be seen until a pre-authorized safety message via e2Campus has been delivered or the situation warrants immediate evacuation.

1. REMAIN CALM.
2. LOCK AND DEADBOLT YOUR DOOR.
 - A. IF YOU ARE NOT IN A ROOM AT THE TIME A ‘LOCKDOWN’ IS DECLARED, ENTER THE NEAREST ROOM AND LOCK AND DEADBOLT THE DOOR.
 - B. DO NOT RESPOND TO ANYONE WHO MAY KNOCK AT THE DOOR.
3. TURN OFF THE LIGHTS AND PULL DOWN THE SHADES.
 - A. DARK ROOMS ARE HARDER TO SEE INTO.
 - B. KEEP QUIET.
4. STAY OFF THE PHONE.
 - A. INSTRUCTIONS MAY COME BY PHONE.
 - B. PUT ALL CELL PHONES ON VIBRATE.
5. MOVE TO A SAFE AREA WITHIN THE ROOM.
 - A. KEEP OUT OF SIGHT.
 - B. STAY AWAY FROM DOORS AND WINDOWS.
 - C. DO NOT ALLOW ANYONE TO SIT ON THE WINDOWSILLS.
6. PERMIT NO ONE TO LEAVE.
7. PREPARE A LIST OF THOSE PRESENT IN THE ROOM AT THE TIME OF THE “LOCKDOWN”. ALSO LIST ANYONE ELSE PRESENT WHO IS NOT USUALLY IN THE ROOM DURING THIS PERIOD.
8. IGNORE ALL BELLS AND SIGNALS.

NOTIFICATION AT THE CONCLUSION OF THE ‘LOCKDOWN’ WILL COME VIA THE MASS NOTIFICATION SYSTEM

Campus Security Authorities

In addition to the Security Department officers, there are members of the Campus Community that are deemed as Campus Security Authorities and are responsible for reporting incidents of alleged crimes on and near campus to Security for inclusion in the crime statistics.

The Clery Act regulations define a Campus Security Authority as:

- A member of a campus police department or a campus security department of an institution
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department

- Any individual or organization specified in an institutions statement of campus security officers as an individual or an organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for students and campus activities. Including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

Security and Access to Campus Facilities

During business hours, the College (excluding certain housing facilities) will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours access to all College facilities is by key, if issued, or by admittance via the Department of Campus Safety or Residence Life staff. In the case of periods of extended closing, the College will admit only those with prior written approval to all facilities. Residence halls are secured 24 hours a day. Over extended breaks, the doors of all halls will be secured around the clock. Some facilities may have individual hours, which may vary at different times of the year. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility. Emergencies may necessitate changes or alterations to any posted schedules.

The Hackettstown campus of Centenary College is an open campus. While the entire campus community is encouraged to practice personal safety awareness, The Security Department works in conjunction with the Hackettstown Police Department to insure a regular patrol of the campus by the police. Centenary College security patrols the campus 24 hours a day, 7 days a week on foot and utilizing electric and gasoline carts. Emergency telephones have been strategically placed in the Founders Parking Lot.

Residence Hall doors are locked twenty-four (24) hours per day. All maintenance and other College personnel are required to identify themselves prior to entering a student's room.

The Parsippany and Washington Township campuses are patrolled by local police and the Edison Campus has private building security.

Policies Concerning Campus Law Enforcement

Centenary College Security officers have the authority to ask persons for identification and to determine whether individuals have lawful business at Centenary College. Centenary College security officers have the authority to issue parking tickets, which are billed to financial accounts of students, faculty, and staff. Security officers do not possess arrest power. Criminal incidents are referred to the local police who have jurisdiction on the campus. The Safety and Security Office at Centenary College maintains a highly professional working relationship with the Hackettstown Police Department, All crime victims and witnesses are strongly encouraged to

immediately report the crime to campus Security Department and the appropriate police agency. Prompt reporting will assure timely warning notices on-campus and timely disclosure of crime statistics.

The Centenary Security Department maintains a close working relationship with the local police department. There is no written memorandum of understanding between Centenary and HPD.

Community members, students, faculty, staff, and guests are encouraged to report all crimes and public safety related incidents to the Campus Security in a timely manner. To report a crime or an emergency on the Hackettstown campus, call security at extension "0" or, from outside the college phone system, 908 852-1400. Crimes should be reported to campus security to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.

Daily officer reports are submitted to the Assistant Dean of Campus Safety recording all activity that occurs on each shift including: all transport services provided, the times that building checks are performed, any outdoor lights which are not functioning, detailed accounting of all vehicles found to be in violation of College parking/safety regulations, and all vehicles which have been towed.

Policies Concerning Campus Law Enforcement off Campus Locations

Centenary College does not have any recognized off-campus locations at this time.

Programs Offered on Campus Safety

Students and Employees during orientation in September or August, students are Informed of services offered by the Student Life and Security. Video and slide presentations outline ways to maintain personal safety and residence hall security. Students are told about crime on-campus and in surrounding neighbor-hoods. Similar information is presented to new employees. Crime Prevention Programs and Sexual Assault Prevention Programs are offered on a continual basis. Periodically during the academic year the College's Assistant Dean of Security along with the Office of Student Life and Your Campus On-It (YCO), present crime prevention awareness sessions on sexual assault (rape and acquaintance rape), Rohypnol abuse, theft, and vandalism, as well as educational sessions on personal safety and residence hall security. A common theme of all awareness and crime prevention programs is to encourage students and employees

to be aware of their responsibility for their own security and the security of others. In addition to seminars, information is disseminated to students and employees through crime prevention awareness packets, security alert posters, displays, videos, and articles and advertisements in College and student newspapers. When time is of the essence, information is released to the college community through security alerts posted prominently throughout campus, through the college's electronic mail system, phone system, (e2campus) and if applicable a siren alert.

Crime Prevention Programs on personal safety and theft prevention are sponsored by various campus organizations throughout the year. Security and Student Life personnel facilitate programs for student, parent, faculty, and new employee orientations, student organizations, community organizations.

Starting in the fall we will be offering a variety of Training Programs to Faculty, Students and Staff. They are comprehensive courses that begins with awareness, prevention, risk reduction and avoidance.

Sexual Misconduct Policy and Procedures

Centenary College fosters a community of learning, which is based on trust, respect, and the dignity of its members. As such, the College has adopted a policy that prohibits any form of sexual misconduct by faculty, administrators, staff or students. It is a violation of College policy for any member of the College Community to engage in such behavior or to retaliate against

anyone initiating an inquiry or complaint in good faith. The College encourages all members of the Campus Community to be aware of both the consequences of sexual misconduct and the options available to survivors. Furthermore, in an effort to prevent the occurrence of sexual misconduct on campus, the College provides educational programs which promote awareness of sexual assault and related issues. New employees are advised of this policy upon employment.

Copies of the Sexual Misconduct Policy and Procedures are available online, and at the Dean of Students' Office, the Wellness Center, the Security Office and the Office of Human Resources. Cf.: Student Handbook and College Employee Handbook.

Campus Sexual Assault Victim's Bill Of Rights **(Pursuant to NJSA 18A, Chapter 61E)**

Centenary College recognizes that the effect of violence especially that of sexual violence, committed on campus has a profound impact on the campus community and the surrounding communities. Therefore, to ensure that the Centenary College campus community is free from violence, sexual assault and nonconsensual sexual contact, and to support the individual dignity and rights in an academic environment, the College upholds the New Jersey Campus Assault Victim's Bill of Rights.

The State of New Jersey has established this Bill of Rights which requires that all New Jersey colleges and universities create and support policies, procedures and services designed to insure that the needs of victims are met and to support their wishes and human dignity.

The following Rights shall be accorded to victims of sexual assault that occur on the campus of any public or independent institution of higher education in the state of New Jersey, and where the victim or alleged perpetrator is a student at that institution, and/or when the victim is a student involved in an off-campus sexual assault.

Bill of Rights

The following rights shall be accorded to victims of sexual assault that occur

- To be free from any suggestion that victims must report the crimes to be assured of any other right guaranteed under this policy.
- To have any allegations of sexual assault treated seriously; the right to be treated with dignity.
- To be free from any suggestion that victims are responsible for the commission of crimes against them.
- To be free from any pressure from campus personnel to

- report crimes if the victim does not wish to do so
- report crimes as lesser offenses than the victim perceives the crime to be
- refrain from reporting crimes to avoid unwanted personal publicity.

Rights to Resources On and Off Campus

- To be notified of existing campus and community based medical, counseling, mental health, and student services for victims of sexual assault whether or not the crime is formally reported to the campus or civilian authorities.
- To have access to campus counseling under the same terms and conditions as apply to other students of the institution.

- Nothing in this Act or in any "Campus Assault Victim's Bill of Rights" developed in accordance with the provisions of the Act shall be construed to preclude or in any way restrict any public or independent institution of higher education in the state from reporting any suspected crime or offense to the appropriate law enforcement authorities

Counseling

The College encourages victims of sexual violence to talk to somebody about what happened so the victim can get the support they need and the College can respond appropriately. Different employees on campus have different abilities to maintain a victim's confidentiality. Some are required to maintain near complete confidentiality; talking to them is sometimes called a "privileged communication." Other employees may talk to a victim in confidence, and generally only report to the College that an incident occurred without revealing any personally identifying information. Disclosures to these employees will not trigger a College investigation into an incident against the victim's wishes. Thirdly, some employees are required to report all the details of an incident (including the identities of both the victim and alleged perpetrator) to the Title IX coordinator. A report to these employees (called "responsible employees") constitutes a report to the College – and generally obligates the College to investigate the incident and take appropriate steps to address the situation.

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be Campus Security Authorities (CSA). Campus "Pastoral Counselors" and Campus "Professional Counselors", when acting as such, are not considered to be a CSA and are not required to report crimes for inclusion into the annual disclosure of crime statistics.

Students are encouraged to utilize the following resources for confidential discussion and support related to sexual harassment, illegal discrimination or other situations that the student would like to discuss confidentially." and their effects. Because of the confidentiality afforded to these relationships, however, students should know that these confidential resource individuals are not in a position to report the harassment to a college official or to intervene to end the harassment/discrimination. To ensure College involvement, students must report the unlawful conduct through either the informal or formal reporting process as detailed in the Policy on Harassment, Domestic Violence, Dating Violence, Sexual Assault, Nondiscrimination and Retaliation Policy found in the Student/Staff and Faculty Handbooks. Confidential resources include:

- **Pastoral Counselor: 400 Jefferson Street, Hackettstown, NJ 07840 (908) 852-1400 x2234**

- **Professional Counselors: 400 Jefferson Street, Hackettstown, NJ 07840 (908) 852-1400 x2125**
- **Health Services: 400 Jefferson Street, Hackettstown, NJ 07840 (908) 852-1400 x2206**

The college also maintains an anonymous toll-free hotline (800) 401-8004 (English speaking) (800) 216-1288 (Spanish speaking); website: <https://www.lighthouse-services.com/centenarycollege>;

Email: reports@lighthouse-services.com or fax: (215) 689-3885 where a complaint or violation may be reported.

Free professional, confidential counseling and medical services are available to campus crime victims through the Wellness Center located in the Seay Building. Pastoral counseling is available through the Campus Ministry Office at the Ferry Building. Although clinical and pastoral counselors functioning within the scope of his/her duties are required to inform clients of crime reporting procedures, the decision to do so is strictly voluntary on the part of the client. Therefore, the inclusion of crime statistics reported to counselors or clergy is not required and may not be included in the campus crime statistics. If medical assistance is required, victims of crime are encouraged to seek aid from the Health Center in Seay Building.

Sex Offenses Disciplinary Action Policies

The College educates the student community about sexual assaults and date rape through mandatory freshman orientations each fall. The Student Life Department offers sexual assault education and information and training programs to College students and employees through the College's mandatory training modules at:

<https://slate.workplaceanswers.com/login.asp?id=195428437664808>. Literature on date rape education, risk reduction, and the College response is available through the Student Life/Residence Life. If you are a victim of a sexual assault at this college, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The Security Department at Centenary College strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to a Security Officer and/or a representative in Student Life. Filing a police report with a Security Office or a Police Officer will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers. Filing a police report will: ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim; provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam); assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention. When a sexual assault victim contacts the College's Security Department and/or Student Life, the Local Police Department will be notified as well. A representative from the Student Life Department will also be notified. The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and the College's Student Conduct, or only the latter. A College representative will guide the victim through the available options and support the victim in his or her decision. Various counseling

options are available from the College through the Student Health Center. Counseling and support services outside the College can be obtained through request through request to the Student Life Department. The College disciplinary proceedings, as well as special guidelines for cases involving sexual misconduct, are detailed in the Student Handbook and can be found in the Policy on Harassment, Domestic Violence, Dating Violence, Sexual Assault, Nondiscrimination and Retaliation in the Student/Staff and Faculty Handbooks. The policy provides, in part, that the accused and the victim will each be allowed to choose an advisor of choice to accompany them throughout the hearing. Both the victim and accused will be informed of the outcome of the hearing. A student found guilty of violating the College sexual misconduct policy could be criminally prosecuted in the state courts and may be suspended or expelled from the College for the First Offense. Student victims have the option to change their academic and/or on-campus living situations after an alleged sexual assault.

Sex Offender Registry

The Campus Sex Crimes Prevention Act, a federal law that was enacted on October 28, 2000, provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education or working or volunteering on campus. The act amends the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act to require sex offenders, already required to register in a state to provide notice, as required under state law, for each institution of higher education in that state at which the person is employed, carries on a vocation, volunteers at, or is a student. It requires that state procedures ensure this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions are located and that it is entered into appropriate state records or data systems.

These changes took effect October 28, 2002. The act also amends the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act to require institutions of higher education to issue a statement, in addition to other disclosures required under that act, to advise the campus community where to obtain law enforcement agency information provided by a state concerning registered sex offenders. New Jersey State Police are responsible for maintaining this registry. New Jersey State Police are required to make information about registered sex offenders available to the public and authorizes the release of information on certain sex offenders to be posted on a public web site. **Sex Offender Information can be obtained from New Jersey State Police http://www.nj.gov/njsp/info/reg_sexoffend.html**

Residence Halls are fully suppressed with a sprinkler system with sprinkler heads located in each resident room and all common areas including lounges and kitchens, networked fire alarm systems that registers smoke, heat, and steam, and networked carbon monoxide alarm systems. Fire drills will be conducted periodically during the fall and spring semesters and will be done so unannounced to students. All persons must evacuate the building during a fire drill and report to their designated assembly location following the same instructions as above.

Each building will be checked during the drill to make sure every person has evacuated the building by the Residence Life staff.

Students should congregate inside of the designated assembly location until the residential life indicating they are permitted to return to their hall.

Students that fail to timely evacuate during a drill are required to meet with the Dean of Students that day. They may be removed from college housing.

In accordance with New Jersey State law, and as safeguards against fire and in consideration of the health of our community members, smoking is prohibited in all buildings owned or operated by Centenary College. Please use caution when smoking outside as lit cigarettes, cigars, etc., when improperly disposed, can result in unintended fires.

Enforcement of the Smoking Policy is the responsibility of all of us. Any member of the community observing an infraction of the smoking policy is encouraged to remind violators of our policy. Centenary community members are also responsible for their guests respecting all regulations. Infractions may be documented with campus security, the office of Student Services or to the Human Resources Department.

1. Smoking is not permitted in any building on the Centenary College campus.

6. Students are held responsible for any smoking-related damage to any property of Centenary College and/or the property of a member of the community.

Individuals who choose to smoke are expected to dispose of their cigarettes in the provided container. Improperly disposed of butts and ashes can cause unintended fires

Fire Safety Education and Training

All building evacuations will occur upon the sounding of the alarm, and/or by notification by Security, Residence Life or by individual choice when the emergency dictates.

1. When the building's fire alarm is sounded, an emergency exists. Walk quickly and calmly to the nearest marked exit and alert others to do the same. Do **not** use the elevators. Do not attempt to access other areas of the building to retrieve personal belongings.
2. Evacuate all rooms, closing all doors to confine the fire and reduce oxygen — do not lock doors (Residence Hall room doors lock automatically. Do NOT use the deadbolt to keep the door open/unlocked.) At no time should closing doors delay the evacuation of any individual.
3. Assist disabled persons in exiting the building.
4. Keep roads, fire lanes, hydrants, and walkways clear for emergency vehicles and crews.
5. If requested, assist emergency crews as necessary.

Fire safety education programs for all students living in on-campus student housing and all employees that have any association with on-campus student housing are held at the beginning of each semester. These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and distribute information on the college's fire safety policies. Everyone is also provided with maps of each on-campus student housing facility that illustrate evacuation routes and fire alarm equipment locations. During these programs, trainers emphasize that participating in fire drills is mandatory. For para-professional staff Fire safety education and training programs are taught by local fire authorities as well as the Director of Residence Life who is experienced in fire safety matters. If a fire occurs, students are instructed to leave hazardous areas per the evacuation routes and get to a predetermined location before calling Security for help. They are to remain in

that location so that the director of Residence Life or someone from Residence Life office has documented that the student has left the building.

Missing Person Policy

This policy applies to students who reside in on-campus housing and are deemed missing or absent from the College for a period of **more than 24 hours without any known reason or which may be contrary to usual patterns of behavior or unusual circumstances that may have caused the absence.**

The local police provide data to the College regarding reportable crimes that occur in the immediate vicinity of campus boundaries.

Under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime

Statistics Act, colleges are required to publish crime statistics in the following twelve major categories. These statistics cover the period from January 1st to December 31st for the respective years. The College also files the crime statistics report with the Department of Education on an annual basis.
