HORIZON HEALTH PLANS

Centenary University offers a choice of three medical plan options, so you can choose the plan that best meets your needs and those of your family. Each plan includes comprehensive health care benefits, including free in-network preventative care services and coverage for prescription drugs.

Important Notes:

- This is a synopsis of coverage only; the plan documents contain exclusions and limitations that are not shown here. Please refer to the plan documents for the full scope of coverage.
- In-network services are based on negotiated charges; out-of-network services are based on Reasonable & Customary (R&C) charges.
- Medical services and benefits are paid at higher levels when you use participating providers and give you the freedom to utilize the services of any out-of-network provider by paying higher deductibles and coinsurance.

Pre-Certification

Pre-certification may be required for certain procedures. Speak with your physician when using the following services:

- For non-emergency hospital admissions
- For emergency hospital admissions
- Complex imaging tests

Failure to obtain this authorization may result in a reduction or exclusion of benefits. Please note that this is not a complete list – contact your carrier for a comprehensive listing.

Definitions

Coinsurance – The percentage of each health care bill a person must pay out of their own pocket. Non-covered charges are in addition to this amount.

Copayment – The amount you must pay out of your own pocket when you receive medical care or a prescription drug. A copayment applies to each in network visit or prescription.

Deductible – The amount the insured must pay before any payment is due from the insurance company. A covered individual is responsible for their deductible only once each calendar year.

Out of Pocket Maximum – Each plan limits the amount an individual may pay out of their own pocket during a calendar year. Once the out-of-pocket maximum is met, benefits are paid at 100%. Deductibles and coinsurance accrue toward this amount.

2024 Important Notice from Centenary University About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Centenary University, and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Centenary University has determined that the prescription drug coverage offered by Horizon is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Centenary University coverage will be affected.

If you do decide to join a Medicare drug plan and drop your current Centenary University coverage, be aware that you and your dependents will NOT be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Centenary University and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium

may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Centenary University changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

CMS Form 10182-CC Updated April 1, 2011

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).
