New on Campus
Amazon Locker

For all Students, Faculty and Staff

Centenary University has partnered with Amazon to provide a HUB locker right here on campus! Amazon Hub Lockers are secure, self-service kiosks where you can pick up Amazon packages at a time and place that is convenient for you. Amazon customers can select any Locker location as their delivery address, and retrieve their orders at that location by entering a unique pick-up code on the Locker touch screen.

How do I use a Locker?

To use an Amazon Hub Locker as your shipping destination, find a Locker and add it to your Amazon address book. Then, during checkout, select the Locker as your shipping address. Once your package has been delivered, Amazon will email you a unique 6 digit code.

How long do I have to pick up my package?

You have 3 calendar days to pick up your package. If you're not able to collect your package within this time-frame, it will be returned for a refund. Available nights and weekends as well.

How much does using an Amazon Hub Locker cost?

There is no additional cost to use an Amazon Hub Locker. FREE Two-Day Shipping is available with Amazon Prime. Standard shipping rates apply for all other orders.

Can I return an item to an Amazon Hub Locker?

Yes. If your item is eligible to be returned to a Locker, you will see Amazon Hub Locker as a Dropoff option during the returns process on Amazon.com.

What kind of items can be delivered to an Amazon Hub Locker?

Most items on Amazon.com can be delivered to Lockers, but there are a few restrictions, like the item's size and weight.

Where can I find the locker on campus?

You can find our locker named Eddy, in the Seay building near the Starbucks.

Benefits of using lockers

- Open early and late
- Deliveries and returns
- No waiting in lines
- No additional fees
